Dear Mr. Norris,

I am very grateful for the invaluable contribution that you made to my seminar on employment.

Your thoughtful summary put all of our deliberations in just the right perspective and helped focus our attention on the challenges before us.

I am sorry I did not have a chance to speak with you before you left the White House, but want you to know how much both Jimmy and I appreciate all that you are doing for our country.

Sincerely,

Rosalynn Carter

Thank you so much. We needed the input from the business community that you so successfully provided.
