Dear Bill:

Please accept my deep appreciation for your generous contribution. Your support is extremely important as we continue the work of restoring Minnesota's economic vitality.

I am optimistic about Minnesota's future because we have good workers, fine business leaders and progressive government. With your support, we can keep Minnesota on course.

We have made excellent progress in the past two and one half years, but much more remains to be done. That is why I have decided to seek a second term, and that is why I need your help.

I particularly want to thank you for your personal advice and help, and for the assistance which has been provided by your staff to this administration. Your willingness to make available loaned executives such as Michael O'Donnell and Ken Yeager has been very helpful to the state.

You are also to be commended for your contributions to Wellspring and specifically for your leadership in the technology programs. Thanks to your creativity and determination, the Midwest Technology Development Institute is a reality. That program, I am convinced, will have historic impact for Minnesota and the nation.

For all of these reasons and many more, Lola and I are grateful for your friendship. We look forward to working closely with you in the months and years ahead.

Sincerely,

A handwritten signature in blue ink that reads "Rudy".
