Mr. Donald McNeely
444 Lafayette Road
St. Paul, MN 55101

Dear Don:

Many thanks for the PLATO lead in California and the invitation to a ballgame.

Tom Miller, President of our Education Company, will contact your tennis partner in Pebble Beach. An exceptionally fine school is a rarity these days, however, PLATO would fit in very nicely.

I will take a rain check on the game because at present, I've dropped out of baseball. I just don't have enough time at this period in my life to do everything I would like so I'm deferring some things. I'll save the raincheck for use on my 80th birthday. I'm sure you are good for at least another 30 years, and I'll try to hang in for at least another 10 or so.

Best regards.

Sincerely yours,

William C. Norris

W.C. NORRIS

Dear Bill:

My tennis playing partner in Pebble Beach is Dan Yurkovich, who is the School Administrator of the Carmel Unified School District. After our tennis games - during which Dan covers me in such a spectacular manner that we usually win - he asked me if I knew anything about PLATO. I told him that it was my good fortune to know PLATO's teacher, Bill Norris - he suggested that I give this to you and that maybe either you or John Lacey may find it of interest.

The Carmel School is an exceptionally fine public school. The current Superintendent was formerly at Forest Lake and they have assembled an outstanding faculty. If your PLATO people ever want to contact Dan Yurkovich, they can do so by calling 408-624-1714 or writing him -

Mr. D. P. Yurkovich
Carmel Unified School
Highway 1 & Ocean Avenue
Carmel, CA 93921

Do you think it's time that we take in an afternoon ballgame one of these days? Give me a call and we'll get Calvin for lunch and attend the game.

Best regards,
