Mr. Norman Mears, President  
Buckbee Mears Company  
Toni Building  
St. Paul, Minnesota

Dear Norman:

Enclosed is a copy of the prospectus on Control Data and other material incident to the sale of stock. If after reading the material you wish to buy 500 shares, please execute the stock purchase statement in triplicate and send two copies to us along with your check.

I should like to say again that we had a pleasant luncheon and a most interesting trip around your plant. Last night I read your Fifty Year Book and found it very enjoyable to read.

Sincerely,

CONTROL DATA CORPORATION
